LUCIFER, BY SNOWSTORM.
Will stand the present season at COTTAGE HILL, on the Frankfort and Georgetown Turnpike, 3 miles from the city of Frankfort, and 1 mile from Frankfort, at \$150 an acre, and pasturage furnished gratis to mares coming from a distance.

Description and Pedigree.
Lucifer is a black iron gray, 5 years old, with a heavy white mane and tail, 15 1/2 hands high, and is a horse eminently calculated to produce stock suited to every purpose for which the horse is required. Being himself beautiful in appearance, of proper size, faultless in form, mild and gentle in disposition, with action both for harness and saddle rarely equalled, very few, if indeed any, horses in Kentucky of his age can show greater trotting speed in harness, and it has been with great difficulty that he has been restrained from going all the saddle gait, being shown by old and young, who saw one gallop as naturally as another, and all with unparalleled speed and style, and produced more fine saddle and harness horses in the two seasons he made in Kentucky than any other horse known. He was of the pure Norman French breed from Canada, and his colts are commanding wherever found for extra value. Lucifer's dam was a large brown mare, blood unknown, was a natural pacer and could, without training, pace her mile in 3 minutes.

He has the attention of breeders to this young horse, at his stand, where I have a good track, and where persons wishing to breed can have an opportunity of witnessing his speed.
March 14, 1860. THOMAS STEELE.

STARR'S CHEMICALLY PREPARED GLUE
FOR FAMILY USE.

Will mend articles in Wood, Leather, Crockery, Glass, Ivory, Bone, Alabaster, Marble, Rubber, Gutta Percha, Cloth, Paper, Papier Mache, Shell, Plaster, Horn, Bone, &c.

And indeed there is scarcely an article in the whole range of domestic economy, whether it be for use or ornament, which, when broken, cannot, with this preparation, be restored to its original value. It challenges the world for its superiority. It is indispensable in every HOUSE, WORKSHOP, COUNTING-ROOM.

And no person after a trial of Starr's Chemically Prepared Glue would willingly dispense with it for four times its cost. It is always ready, and always reliable. It is not offensive to the smell, and is not affected by climate, and when used as directed, it is a perfect and permanent repair.

The attention of dealers and consumers is invited to the following testimonials regarding its superior qualities:
NEWARK, NOV. 26, 1859.
"After a faithful trial of Starr's Prepared Glue on Wood, Leather, and Cloth, at the Phoenix Works, I most cheerfully recommend its use for all purposes generally required, and especially for family use."

"We, the undersigned, having tested STARR'S PREPARED GLUE, agree with the above recommendation."

Published by A. G. HODGES & CO.
FRIDAY, JUNE 15, 1860.
For President,
JOHN BELL,
OF TENNESSEE.

For Vice President,
EDWARD EVERETT,
OF MASSACHUSETTS.

Bell and Everett.

The Selma (Ala.) Reporter closes a well conceived and better expressed editorial on the nomination of the Constitutional Union party as follows: "The country has for some years past, we think, been passing through one of those ordeals that shake it from centre to circumference, but from which it has on every occasion thus far emerged with renewed vigor, with renewed prosperity, with increasing power and grandeur, shaking off the shackles that had fastened themselves upon it, bounding again like a young giant into the arena, and taking again its eagle flight onward, and upward toward the sun, in nothing damaged by the evils that had afflicted it. This ordeal has been the slavery agitation. It had seemed to increase in rancor and extent until the whole land had been involved in it, and many great and good men had begun to think that the end was indeed drawing nigh. Last fall, it received a new, and almost satanic impetus. The winds seemed to be loose, and the fiends of discord flapped their hateful wings and uttered their vulture screams. They hasten to the prey—the unclean birds. But the prey was not to be found. The faith of Washington was again vindicated. The evil culminated. People paused to ask of each other what was before them; and pausing, they saw that it was necessary to retrace their steps. A reaction began, and a reaction has since been going on. Nevertheless it seemed not easy to discover in what definite way peace, harmony and good feeling were to be restored, to such a fury had angry passions been lashed up. A Presidential campaign was approaching and a geographical contest seemed imminent. This was deemed an evil of frightful import. It was that which Washington solemnly warned his countrymen against. What had for years been a great national party had been rent with feuds. Its representatives went into convention, the storm passed over it, and it lay in ruins. The geographical breach then began to widen. A sectional party at the North was ready to take advantage of the schism, and inaugurate a sectional triumph. Suddenly a bow of promise was seen spanning the entire horizon. Relief had come, and to-day the country breathes freely. As usual, in the history of this country, when the danger appeared greater, succor came. A National standard has been set up, and East, West, North, and South, patriotic hearts rally confidently around it. We feel that a gulf has been bridged, and the geographical line extinguished. Never, since the days of Washington, were two names presented to the country more truly national, more truly meritorious, more truly constitutional, and more truly conservative than those of John Bell and Edward Everett."

RATIFICATION MEETING IN CONNECTICUT.—A meeting for the ratification of the Union nominations made at Baltimore, was held at New Haven on Wednesday, June 6th. John R. Robertson of New Haven, was chosen President. The first speaker was Austin Baldwin, of Middletown, who declared that the Baltimore Convention had presented the two brightest names of the country for the offices of President and Vice President of the United States. He concluded by introducing Major Henry, of Tennessee, who, in the course of his speech, described the sectional character of the Republican party, and pictured the tremendous ruin that must surely follow the election of its candidates. He showed the mutual dependence of the North and South. The Constitutional Union party, he said, bears the olive branch—the signal and the token of the peace that will follow the success of its candidates.

The following resolutions were adopted: Resolved, That we most heartily approve and ratify the nominations made by the Constitutional Union party at Baltimore, of John Bell, of Tennessee, for President, and Edward Everett, of Massachusetts, for Vice President, and that we pledge them our earnest support in the coming Presidential campaign.

Resolved, That the statement of principles as adopted at Baltimore we hereby reaffirm, believing them to be a good enough platform for us.

WHAT RASCALITY.—A few days since Forney testified before the Covode Committee that he had been offered the consulate to Liverpool or the mission to Russia or Prussia, if he would acquiesce in the policy of the administration, which offers he declined. Wendell also testified before the same committee that he carried \$10,000 in his pocket for weeks to present to Col. Forney, and, if necessary, was authorized to increase it to \$20,000 or \$25,000, if he would accept the Liverpool consulate or the mission to one of the great powers of Europe. Was there ever such unmitigated rascality heard of before? "Oh shame, where is thy blush?"

BELL AND EVERETT TICKET.—The New York Herald after remarking that "the Republican papers using the same tune 'honest Abe,' 'honest John,' 'honest Abe,' continuously, as if he were the only honest man in the Union," says: "Mr. Bell is equally as honest and ten times as capable. Why do we not hear anything about 'honest John Bell?' Is old Abe to monopolize all the credit for integrity that the political world has to bestow? Mr. Bell, through an extended public career, occupying the highest positions, has all ways kept his record bright and clear. Perhaps this circumstance will be more clearly developed as the canvass goes on."

Hon. Baile Peyton, of Tennessee, who spoke at a ratification meeting a few days ago, said that the corruption of those in power at Washington is so great that "the man in the moon has to hold his nose as he passes over that city."

An extra session of the Massachusetts Legislature has adjourned the recent speech of Mr. Sumner, after a warm debate, by a vote of 56 yeas to 44 nays.

The following article, taken from the *National Intelligencer*, we hope will receive the particular attention of all our readers. It will be seen that we are to have the hearty and effective co-operation, in the present canvass, of the veteran editors of that paper—a paper which has at all times maintained a character for political honesty and conservatism second to none in the country. In the language of a contemporary, "their effective artillery is already being furnished for the contest, and we shall calculate upon many a telling broadside upon the enemy's craft before November."

Our readers will find in another part of to-day's *Intelligencer* a letter from the Hon. John Bell, addressed to the President of the Constitutional Union Convention lately assembled in the city of Baltimore, and formally announcing his acceptance of the nomination conferred upon him by that body.

Called, a few days ago, to congratulate our political friends upon the eloquent and patriotic terms in which Mr. Everett had yielded his assent to the call made upon him by the representatives of the Constitutional Union party, we can point with fresh satisfaction to the language, at once modest and appropriate, in which Mr. Bell accepts the honorable position awarded him by the Baltimore Convention.

The work of that Convention is now complete, and it only remains for the patrons and supporters of the Constitutional Union movement throughout the country to promote by all honorable efforts the good cause which finds such worthy embodiment in the illustrious names of eminent statesmen selected to be its standard bearers.

Having already stated some of the grounds on which we shall give to this cause and its candidates our hearty and unhesitating support, we have only to add, for the present, that we shall take an early occasion to define with more particularity the nature of its claims upon the confidence of our countrymen, as in the approaching canvass we shall doubtless find frequent occasion to enforce them. When the present chaotic state of the political elements shall have assumed a definite form in the several programmes announced by each and all of the parties competing for the supremacy, it will be easy to institute a comparison between their respective pretensions to the support of the people. And we therefore propose at an early day, in such a review of "Parties and their Principles," to subject the avowed motives, policy, and objects of each to a candid analysis, assured as we are that the cause which we advocate has nothing to fear, but much to hope from any appeal addressed to the impartial judgment of the people.

Mr. R. A. Alexander's annual cattle sale took place on Wednesday, the 13th inst.—There was a pretty fair attendance of buyers and others, but we understand that the crowd was not as large as it has been at some of his other sales. There were several gentlemen from Missouri, Alabama, New York, Ohio, Indiana, and Connecticut, who made purchases of stock. The prices paid, we think, were rather higher than last year; some of the cattle, we thought, were well sold, while others were low. Twenty bulls were sold for \$3,165, the prices varying from \$35 to \$360. Eighteen cows and heifers sold for \$2,747 50, at prices from \$70 to \$295. Fifteen Southdown sheep—nine bucks and six ewes—also yearlings, sold for \$585, at prices varying from \$26 to \$71.

The whole amount of the sale was \$6,497 50—not as large a sum as some of his former sales, and there were not as many animals sold.

A railroad accident of a very serious nature happened near this city on Wednesday evening. As the freight train for Lexington was passing through the farm of Gen. A. W. Dudley, about two miles from town, the locomotive boiler exploded, rendering the locomotive and tender and several of the cars a complete wreck; and the locomotive was precipitated down an embankment, and the engineer, (Mr. WALKER CHAMBERS,) was thrown a considerable distance, and, we fear, fatally injured. Mr. VACARO, the fireman, was blown some one or two hundred feet, fearfully mangled, and instantly killed. No one else was hurt, but the track was considerably torn up, and the train from Lexington was prevented from coming on by the broken cars and torn up track.

Mr. Chambers, the engineer, is still living, though he is in a very precarious condition, being badly scalded and otherwise much injured, but we understand that there is a bare possibility of his recovery.

SILVER WARE FOR PREMIUMS.—We understand that the contract for furnishing the silver ware for the premiums of the Kentucky State Agricultural Society has been awarded to Mr. JOHN B. AIKEN, of Danville Ky. We make this an announcement with great pleasure as we are satisfied the Society, and the recipients of the premiums, will be well pleased with Mr. A.'s work. He furnished the silver ware for the Society last year, and it was a subject of general remark that the premiums were heavier and finer, for the same price, than any given before; and Dr. Peter, one of the best chemists in the State, certified that the quality of the silver was equal in purity to the standard of American coin. We hope friend Aiken may be successful in getting many other contracts for the premiums of the Agricultural societies throughout the State.

Seceders Convention.
Second Day's Proceedings.
RICHMOND, June 12.

The proceedings of the Convention were opened by prayer by Rev. Dr. Duncan. Mr. Calhoun of S. C., son of John C. Calhoun, from the Committee on Permanent Organization, made the following report, which was adopted: For President, John Erwin, of Ala.; with one Vice President and Secretary from each State, with the exception of New York.

The temporary Chairman then retired, after making a brief but eloquent speech, concluding with the hope that the result of their deliberations might be such as to preserve the Constitution inviolate.

Mr. Erwin was conducted to the chair, when he delivered an address to the Convention, explaining the position of the South, whose duty, he said, is to protect its own rights, to unfurl its flag to the breeze, and to firmly and proudly march on, demanding that the Constitution shall be preserved. He would say nothing in favor of, or against going to Baltimore; but whatever is done we must struggle this serpent, squatter sovereignty. He denied the imputation that their purpose was disunion. The Northern Democrats have gone in pursuit of a false god that the South cannot worship, and we must endeavor to bring them back to the true faith. He earnestly hoped that their deliberations here would result not only in securing our own rights but the welfare of the whole country.

Mr. Middleton, of S. C., Chairman of the Committee on Credentials, desired to be discharged from the further consideration of the Committee on Credentials, as they had informed the Committee that they did not come here as delegates, but as commissioners from New York to consult with us in a fraternal feeling.

The Committee was discharged from further duty in reference thereto, and the New York commissioners were invited to seats on the floor, but declined.

A motion was made to appoint a Committee on Business.

Mr. Hatch of N. C., offered as a substitute the following resolution:

Resolved, That the delegates to this Convention having been appointed on the basis of the majority platform adopted at Charleston, we deem it unnecessary to take any further action in relation to a platform at the present time.

Resolved, That when this convention adjourns, it adjourn to meet in Richmond, on the 25th of June, unless the President should deem it necessary to call the Convention sooner.

Mr. Davidson, of Alabama, moved that after the word "Charleston" be inserted the words "which we heartily approve."

A motion was made to refer the amendment and resolutions to a select committee.

Mr. Meek, of Alabama, hoped that a direct vote could be taken on the resolutions.

After considerable debate, Mr. Yancey suggested that a committee on resolutions be raised, and that all the resolutions and amendments be referred to it without debate.

Mr. Barry, of Mississippi, said that these resolutions were prepared and informally submitted to all the delegates, and having been approved by a majority of all the delegations, with the understanding that they should be adopted without discussion, he thought that a vote should be taken on the resolutions.

Mr. Hunter, of Louisiana, moved the previous question. He was surprised that, after the full and formal understanding, there should be opposition to a direct vote on the resolutions to avoid all discussion.

Mr. Jones, of Ga., said it would be highly improper to take any action at this time on the platform. We expect, should we not be able to harmonize at Baltimore, to have Kentucky, Tennessee, Missouri, North Carolina, Delaware, Maryland, and Virginia in the convention with us when we re-assemble, and it would be improper for us to take any action now on a platform. The vote was then taken on resolutions and adopted unanimously, with the exception of the vote of South Carolina. Mr. Rhett announcing that the delegates from that State were ready to proceed at once to the business for which they were delegated.

The female organization is often as frail as that of a tender flower. Many of the sex enter into marriage relations without being able to undergo the labors and trials of maternity. In this country thousands of young and beautiful women are sacrificed every year from this cause alone. Hostetter's Celebrated Stomach Bitters will save many of this class from an untimely grave. This medicine has been used with great benefit by immense numbers of people throughout the republic, and the proprietors have received grateful commendations from all sections of the country. The Bitters will be found to be very pleasant to the taste, even as a beverage, and prompt and powerful in its effect as a medicine. It infuses new vitality into the frame, and strengthens the whole system, so that women who use it are enabled to go through with labors which, without it, be certain to prostrate them. Sold by all druggists in Frankfort.

Old Gov. Stuyvesant, some years after the British possession of New York, appeared before the British Governor (Carteret) with a complaint that he was annoyed by men and boys bathing in front of his house in a nude state. Gov. C. assured him that it should be stopped, but happening to recollect, said: "My Governor, it is at some distance from the river, and how can it incommode the ladies of your family?"
"Vy, you see," said old Peter, shaking his cane, "mine gals have got a big eye glass."

MARRIED.

CIRCULAR.
HEADQUARTERS KENTUCKY STATE GUARD, Louisville, June 4, 1860.
It is designed during the ensuing summer and autumn to hold one or more camps of instruction for the companies of the State Guard. As there is not now a military drill applicable to the purpose, the attendance must necessarily be limited to those Companies whose members are willing to defray their own expenses, both for transportation and subsistence.
It is proposed to hold the first encampment in the vicinity of Louisville, beginning about the 15th of July, and continuing from four to six days. The Captains of Companies who receive this circular will report, as soon as practicable, whether or not their Companies are willing to attend on the conditions mentioned; and if they can be present, they will report, as early as possible, the number of members who will certainly attend; specifying the number of officers, non-commissioned officers, and privates.
It is important to have this information immediately at Headquarters. If not received very early in July, it will probably be too late to make the necessary preparations to receive them at camp.
Measures have been taken, which, it is hoped, will result in procuring tents in sufficient numbers to supply the wants of the Companies which are not provided with camp equipage of their own; but those Companies which attend the encampment must expect to provide themselves with every other necessary. Arrangements can probably be made for them in Louisville, whereby the Companies can be subsisted at a small expense to the members.
The Louisville and Lexington Railroad Company have proposed to transport all Military Companies from Lexington at two dollars for each member for the round trip, and at proportionate rates for intermediate points. No proposition has yet been received from the Louisville and Nashville Railroad Company.
It is probable that local encampments will be held later in the summer, or in the autumn, at other points—some in the vicinity of Lexington, and one at some point in the Green River country, convenient to the Companies of that section, of which due notice will be given.
S. B. BUCKNER, Inspector Gen'l.

SPECIAL NOTICES.
Save your Horses.
We take great pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for severe Burns, Bruises, Sores, Stiff Joints and Rheumatic Pains, and all say it acts like magic. We use no other Liniment.

Gentlemen:—I had a negro man worth \$1,800 who took cold from a bad hurt, and was useless for over one year. I had used everything I could hear of without benefit, until I tried the Mustang Liniment. It has perfectly cured him, and I can now take the above price for him.
Respectfully yours,
JAMES DORRANCE.
Every Planter, Teamster and Family should have this invaluable article. Sold by all respectable dealers everywhere.

CHILDREN TEETHING.
MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of mothers
SOOTHING SYRUP,
FOR CHILDREN TEETHING,
which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all PAIN and spasmodic action, and is sure to regulate the Bowels. Depend upon it, mothers, it will give rest to yourselves and Benefit and Health to your infants.
We have just put up and sold this article for over ten years, and even say, in confidence and truth, of it, what we have never been able to say of any other medicine—never has it failed in a single instance to effect a cure, when timely used. After due we know an instance of dissatisfaction by any one who uses it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medicinal virtues. It will stand the test of "what we do know," after ten years experience and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and excitation, relief will be found in fifteen or twenty minutes after the Syrup is administered.
This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER-FAILING SUCCESS.

THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPE in the Bowels and Wind Colic, and overcome convulsions, which, if not speedily remedied, end in death. We have never known the FIRST AND SUREST REMEDY in the world, in ALL cases of DYSENTERY AND DIARRHEA in CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices prevent the purchase of this medicine. It will be SURE, yes, ABSOLUTELY SURE, to follow this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the name of CURTIS & PERMAN, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 13, Cedar Street, New York. Price Only 25 Cents Per Bottle.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because this article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and regenerating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorants that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.

For sale by all Druggists in FRANKFORT, Kentucky, 1859-19.

THE MAYNARD RIFLE AND SHOT-GUN.

PATENTED BY

Dr. Edward Maynard, of Washington, D. C.

The undersigned are the sole agents in Kentucky for the above celebrated arms.

The barrels are from 30 to 36 inches in length, and are

and are breech-loading. The rifle barrels may be disassembled, and the shot barrels inserted in ten seconds.

When charged, the gun may be fired with the self-priming or a cap may be used. It can be loaded and discharged with certainty of aim ten times a minute. At 1,300, 700 and 500 yards upon experiment, the gun was found accurate and the penetration surprising.

The Stock and Rifle barrel weigh six pounds, and may be put up in a small case.

We have now on hand a supply of these guns, viz: No. 1 Military rifle, 30 to 36 inch barrel, rifle only (or Rifle and Shot) 30 to 36 inch calibre, primers, mounds, cartridges, &c., to accompany.

No. 2 Sporting rifle, 30 to 36 inch barrel, Rifle only (or Rifle and Shot) 30 to 36 inch calibre, primers, mounds, cartridges, &c., to accompany.

A pointed trigger for using the gun, with a complete description of its use, and an application, and is sent, with each one. We have the gun complete in cases.
